How to Keep Brooms.

If brooms are wet in boiling suds once a week they will not cut the carpet, last much longer and always sweep like new brooms. A very dusty carpet may be cleaned by sitting a pail of cold water out by the door, wet the broom in it, knock it to get out all the drops, sweep a yard or so, then wash the broom again, being careful to shake all the drops off the broom, and not sweep far at a time. If done with care, it will clean a carpet very nicely, and you will be surprised at the quantity of dirt in the water. The water may need to be changed once or twic if the carpet is very dusty.

INDIANA LEADING THE WAY. Senator Trumbull, Govs. Palmer and Koerner, the Hon. C. H. McCormick, Gen. Farnsworth and other prominent Liberals have all along asserted that with a favorable result in Indiana, Illinois would be safe for Greeley and our State ticket. All the gentlemen named have been in this eity since the election, and have tightened their girths and started into the race with renewed vigor. Senator Doolittle, of Wisconsin, whose law office is, however, in the city, says we have just began to fight. Gov. Koerner is especially sanguine. He says the German vote will carry this State, and that his own majority will reach 20,0000. Senator rumbull says his meet-PACKING and BELTING, ings have never been so large and enthusiastic as since the Indiania election. congenial; but it is said we are to be entertained by Mortan with his campaign speech, in which he says that during long nights of toil, when he was Indiana's great War Governor, he lost the use of his limbs in a holier cause than the cause of war. Hence Grant should be elected President.

THE LIBERAL STRENGTH. There are between 40,000 and 50,000 Liberals in Illinois, and their number is constantly increasing, while the number of through the failure of Democrats to vote, affects the result here. Work will be unremitting from this time until the night of Nov. 5, and on the morning of the 6th Dr. by the vote of Illinois. WISCONSIN ALL RIGHT.

Wisconsin is in much the same shape as Illinois. The Germam vote there is very large, and there is also a large Swede vote, much of which is for Dr. Greelev. The Hon. George H. Inadequate Punishment. Judge Benedict, of New York, who has just sentenced criminals to one year's imprisonment and \$500 fine for sending obscene publications through the post-office, has remarked that the punishment is totally inadequate, but it is all that the law allows. "The business," says the New York Journal of Commerce, "is so deadly to the best interests of mankind, so barbariously at war with all that civilization persons known to every man, woman and child is endeavoring to do, but we do not trust ourselves to suggest an adequate penalty;' but the Journal nevertheless mildly recommends the return to the whipping-post and the pillory for the persi ting in which as a punishment little Delaware has been so often held up to scorn. The lash is now being reintroduced into the English penal code, for offenses which common modes of punishment do not check, and the result up to this time is highly satisfactory.

MILLIONS Bear Testimony to their Wonderful Curative Effects. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a hearing condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair. They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit

of acting as a powerful agent in relieving Conges tion or Inflammation of the Liver, and of all the Visceral Organs FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn o womanhand or at the turn of life, these Tonic Bitters have no equal. For Inflammatory and Chronic Rheumatism and Cout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the

Blood, Liver, Kidners and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitinted Blood, which is generally produced by derangement of the Digestive Organs. DYSPEPSIA OR INDIGESTION. Headache, Pain in the Shoulders, Coughs, Tight ness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Billious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms are the off-

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the FOR SKIN DISEASES, Eruptions, Tetter Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Sca'd Head, Sore

Byes, Erysipeias, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of what-ever name or nature, are literally dug up and car-ried out of the system in a short time by the use of these Bitters. One bottle in such cases will con-vince the most incredulous of their curative effect. Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
